

Oncology on Canvas[®]

Official Submission Program Terms

In 2004, Oncology created Oncology on Canvas[®] (OOC) to give those affected by cancer an opportunity to share their personal journeys, as well as to educate those who view the exhibition about the cancer experience. To date, thousands of patients, family members, friends, caregivers, and healthcare providers have shared their cancer experiences through art and narrative.

Now, it's your turn. And you don't have to be a professional artist or writer. It's the sharing of the story that counts.

Share your artwork and narrative through our online submission process. Submissions may be featured in an online gallery at www.LillyOncologyonCanvas.com, used to create educational resources, and/or shared through social media outlets. Additionally, submissions may be included in touring art exhibits. Displayed at cancer centers, hospitals, and patient advocacy events, LOOC exhibits bring messages of hope, courage, and inspiration to patients and others affected by cancer.

While LOOC artwork will primarily be featured within the United States and Puerto Rico, there may be times when artwork is used in educational materials and exhibits outside of the United States and Puerto Rico.

For any questions about the program or online submission please contact **1-(800)-Lilly-RX** (1-800-545-5979).
